The Jack Way Memorial Scholarship

The Jack Way Memorial Scholarship applauds citizenship by honoring the memory of a man who fervently believed in the adage, "If everyone works together, we can make the world a better place to live." Jack Way's optimism and inspiration touched the people of Seacoast Shores in many beneficial ways, whether it was through his stewardship of the local Crime Watch Chapter or being the President of the Seacoast Shores Association. He also discovered the many jewels that this community had to offer through his loves of boating, fishing, clamming, and painting. Jack Way felt that when people participate in the public process, good things can and will happen.
